100 instructive calculus based physics examples electricity and magnetism calculus based physics problems with solutions volume 2 What's New at MMM Matrices (2/27/19). Our new matrices unit, which will eventually be included as one of our extra topics in precalculus, is available. This 47-page document covers the basics of matrix operations. It contains some very interesting applications that are not usually taught at the high school level but gives students insight as to why matrices are important.

100 instructive calculus based physics examples electricity and magnetism calculus based physics problems with solutions volume 2 William Lane Craig is a prolific Christian philosopher, apologist, author, and public debater. He is the best debater “on any topic” that I’ve ever heard. As far as I can tell, he has won nearly all his debates with atheists. When debating him, atheists have consistently failed to put forward solid arguments, and consistently failed to point out the flaws in Craig’s arguments.
