2 practice dividing It is the same when we multiply binomials! Instead of Alice and Betty, let's just use a and b, and Charles and David can be c and d:. We can multiply them in any order so long as each of the first two terms gets multiplied by each of the second two terms.. But there is a handy way to help us remember to multiply each term called "FOIL".It stands for "Firsts, Outers, Inners, Lasts":

2 practice dividing Learn about: Baby-making sex myths. Are some sexual positions better than others for conceiving? There's no evidence that any particular sexual position is more likely to lead to conception. You may have heard that certain positions, such as the missionary position (man on top), are more promising than others because sperm is deposited closest to the cervix, but there are no studies to back ...
