### **bodysurfers the pdf**

bodysurfers the Bodysurfing is the art and sport of riding a wave without the assistance of any buoyant device such as a surfboard or bodyboard. Bodysurfers often equip themselves with a pair of swimfins that aid propulsion and help the bodysurfer catch, ride and kick out of waves. Some bodysurfers also use a "handplane", which helps get your chest out of the water to reduce drag.
