intuitive eating a practical guide to make peace with food free yourself from chronic dieting and reach your natural weight Utilitarianism is a family of consequentialist ethical theories. Although different varieties of utilitarianism admit different characterizations, the basic idea behind all of them is to in some sense maximize utility, which is often defined in terms of well-being or related concepts. For instance, Jeremy Bentham, the founder of utilitarianism, described utility as

Utilitarianism - Wikipedia

intuitive eating a practical guide to make peace with food free yourself from chronic dieting and reach your natural weight The aim of this study was observing and improving children's eating habits through an edutainment technological platform. A single-group education intervention was carried out in primary schools in Parma and Milano, Italy.
