trees in the landscape author graham stuart thomas published on may 2004 In landscaping, an avenue, or all e, is traditionally a straight path or road with a line of trees or large shrubs running along each side, which is used, as its Latin source venire ("to come") indicates, to emphasize the "coming to," or arrival at a landscape or architectural feature. In most cases, the trees planted in an avenue will be all of the same species or cultivar, so as to give ...
